

# INK REMOVER

Specially developed remover for removing markers, paint pens, felt pens (permanent marker) and other inks

## Product description

Ink Remover is a liquid remover based on special solvents and surfactants designed for removing inks. Marker, felt-tip and other forms of ink are very persistent. With a strong product like the Ink Remover, these inks can be removed quickly and easily. Ink Remover is biodegradable.

## Use

Ink Remover is very suitable for use on hard and non-porous surfaces such as siding, glazed tiles and stone. Ink Remover is widely used in trains, subways, buses, rubbish bins and other street furniture.

## Characteristics

- Biodegradable
- Quickly and effectively removes all types of marker, ink and shadows
- Suitable for many types of surfaces.
- Works quickly and effectively

## Technical data

Odour:	Characteristic
Colour:	Brown
Specific weight:	0,97 kg/L
pH:	Highly alkaline
Contains:	1-butylpyrrolidin-2-one, 2-butoxyethanol, potassiumhydroxide
Flashpoint:	>90°C

## Application conditions

Ink Remover can be used in all dry weather conditions.

## Instructions

1. Apply Ink Remover on a clean, dry microfiber cloth and apply the product to the surface.
2. Let the product work for 5-30 minutes and then wipe the graffiti off the surface with a clean piece of cloth. If necessary, support with a white pad or power sponge on very stubborn graffiti.
3. Rinse thoroughly with clean water afterwards to stop the working of the product.
4. Optional: apply an anti-graffiti coating immediately after removing the graffiti.

## Packaging

1 and 5 L

## Consumption

Take into account a consumption of 5-10 m<sup>2</sup>/L on porous surfaces and 5-15 m<sup>2</sup>/L on non-porous surfaces. Consumption always depends on the surface and the graffiti.

## Practical information

- Do not dilute or mix with other products. Be careful with acidic products.
- Low temperature can decrease the efficiency, adjust the dwelling time accordingly.
- Do not use in direct sunlight or on hot surfaces.

- Clean tools and product residues with clean water.
- For application on porous surface such as brickwork and concrete, the gel Ink Remover Gel is more effective.

## Storage

Can be stored in original unopened packaging for at least 24 months. Store in a dry, cool and frost-free place.

## Health and safety

May cause burns and eye damage. Highly flammable, keep away from sparks and open flames. Avoid skin and eye contact, wear suitable gloves, protective clothing and safety goggles. When in doubt, always consult the safety data sheet or our R&D department.

## Technical support

Mavro is ISO 9001 certified: your guarantee of quality, in terms of products and advice. Our technical consultants and R&D department are always at your service. We are happy to look at your problem or wish with you. Help you with our products or find a solution if it does not yet exist. Call, e-mail or drop by.
